Health Care & Education

Equitas has maintained its unwavering commitment to improving the quality of life of the economically disadvantaged families, by proactively designing various social initiatives, going beyond the mandated corporate social responsibility (CSR) requirements. In 2007, just two months after Equitas was founded, the Equitas Trust (EDIT) was established to spearhead a diverse range of social programs encompassing Health, Education, and Skill Training. Equitas voluntarily decided to allocate 5% of its profits to support EDIT, a commitment that continues to this day, surpassing the statutory 2% requirement introduced in 2013.

Aspiring to become an agricultural scientist, she is driven by a desire to serve society. Grateful for her parents' sacrifices and the school's unwavering support, she credits her success to her disciplined routine, caring teachers. Her achievement was celebrated by local media, marking a proud moment for Equitas as it's first district topper.

EQUITAS GURUKUL SCHOOLS

Equipping Educators for Excellence

The end of May 2025 marked the beginning of the new academic year with a series of impactful training sessions for teachers across all blocks, including newly joined faculty. Held at the eGurukul Learning Centre in Kumbakonam; an exclusive in-house training hub inaugurated in January 2025, the sessions focused on capacity building, refining pedagogy and aligning staff with institutional goals. The training covered key areas such as pedagogy, HR induction and vendor-led modules and took place from the second week of May until the end of the month. These thoughtfully curated sessions reflect our commitment to continuous professional development and educational excellence.
