From Equitas

August 2021

## EQUITAS GURUKUL

Independence Day Celebration: Equitas Gurukuls celebrated Independence Day in a simple yet memorable way, ensuring that our children imbibe the values of love for our country. Drawing, poster making, essay writing and elocution competitions were held online. Best entries were announced and recognised. Flag hoisting was ceremoniously done with special invitees from the district public services in alignment with Covid SOPs.

## Gurukul entry level –LKG enrolment and RTE admission:

Starting from the month of February 2021, all Gurukuls under the able guidance of school Correspondent began seeding the thoughts of ensuring that maximum number of children benefit from the quality and holistic education imparted at Equitas Gurukuls. We created awareness in the neighbourhood about our school so that parents applying under RTE for LKG may benefit. We envisaged a magic number of 630 LKG students for

the AY 2021-22 from across 8 Gurukuls. The word of mouth activities reached out to parents especially from lower economic strata - the daily wagers and small time vendors and labourers within 3 kilometres, to admit their wards in our schools making this year as a very satisfying year with a whopping 651 students admitted in LKG. Further, among this 651 students, 138 students are admitted under RTE in total compliance to RTE regulations on 19th August 2021, upholding our core values of fairness & transparency. The achievement of 651 admissions in the AY 2021-22 is a break through, and has set higher benchmarks for Gurukul excellence.
