

Equitas Gurukul Conducted Inter Gurukul Science Quiz

Equitas Gurukul conducted Science 'Inter Gurukul Science Quiz' Competition, marking the late Sri Abdul Kalam's Birthday. Children from class I onwards actively participated in various age appropriate

activities like science project making, poem recitation and quiz. This was initiated in an effort to make children connect Science with nature so that we may together learn to live in harmony with nature as well as develop scientific curiosity in them. The Quiz was a fantastic event with all Gurukuls coming together through the online platform.

Health and safety comes first:

All Equitas Gurukuls with the help of EDIT team have organised vaccination camps in their premises to facilitate staff, staff dependents and local public to get vaccinated. In total compliance with the government order, Equitas Gurukul staff are 100% Covid vaccinated and their certificates are submitted to district education department as guided.
