Equitas has maintained its unwavering commitment to improving the quality of life of the economically disadvantaged families, by proactively designing various social initiatives, going beyond the mandated corporate social responsibility (CSR) requirements. In 2007, just two months after Equitas was founded, the Equitas Trust (EDIT) was established to spearhead a diverse range of social programs encompassing Health, Education, and Skill Training. Equitas voluntarily decided to allocate 5% of its profits to support EDIT, a commitment that continues to this day, surpassing the statutory 2% requirement introduced in 2013.
